Date: 02/09/26 Version: 04	OMNICANE MILLING OPERATIONS LIMITED BONSUCRO SUSTAINABILITY POLICY	omnicane Integrating Energies

Omnicane Milling Operations Limited – Raw House is fully committed to abide by the latest Bonsucro Production and Bonsucro Mass Balance & Chain of Custody and Bonsucro EU RED III standards. On its part, Omnicane Milling Operations Limited – Refinery is fully committed to abide with the requirements of the latest version of the Bonsucro Chain of Custody and Bonsucro EU RED III standards. Both the Raw House and Refinery are engaged with its respective supply chains to reduce the environmental and social impacts of sugarcane production and processing while recognising the need for economic viability.

Economic Sustainability:

In line with Principle 3 of the Bonsucro Production standard, the Company is committed to:

- O1 - maximise sugar recovery and industrial efficiency with adequate equipment
- O2 - ensure proper preventive maintenance and Good Housekeeping practices.

Environmental Sustainability:

The Company is also committed to minimise its environmental risks and manage the environmental impacts of its operations and activities in line with Principle 1 and Principle 4 of the Bonsucro Production Standard and the Group Sustainability & ESG Policy through the following objectives:

- O3 - Comply with all relevant environmental laws and regulations
- O4 - Optimise use of water and energy resources for the benefit of its operations and neighbouring community
- O5 - Reduce, reuse and recycle waste wherever possible
- O6 - Safely manage chemicals, disposal of wastes and by-products in a responsible manner
- O7 - Take actions to reduce the carbon footprint of its operations wherever possible
- O8 - Protect biodiversity, ecosystem services, and High Conversation Value (HCV) areas in case they fall within the immediate vicinity of its operational sites

Social Sustainability:

In line with the Group Employee Handbook, Code of Ethics, Human Rights commitments, and Principle 2 of the Bonsucro Production Standard, the Company is committed to respecting labour rights, human rights, community and land rights, and promoting ethical conduct throughout its operations. The Company strongly discourages and prohibits corruption, bribery, money laundering, fraud, discrimination, forced labour, child labour, and any form of harassment or abuse. As part of its Corporate Social Responsibility (CSR) commitment, Omnicane Milling promotes inclusive development within neighbouring communities and aims to achieve social sustainability through the following objectives:

- O10 - Respect and comply with all applicable labour, human rights, occupational health and safety, land rights, and community engagement laws, regulations, and standards
- O11 – Support and engage in community-based initiatives through the Omnicane Foundation
- O12 – Promote ethical business conduct, human rights due diligence, anti-corruption practices and responsible stakeholder engagement through the Company's operations.

As the unit of certification, the Company shall uphold its management system through internal audits, management reviews and a continual improvement plan. Omnicane Milling shall review this policy annually and communicate it with all relevant stakeholders.
